SIC, WORTH FOR YOUR BELIEF

SIC, a global internet operator in advertisement and signs based on high quality resources and abundant internet experiences from China, Japan, USA, Korea as well as Europe, professionally provides Profit Solutions of “Advertisement & Signage Products” for international medium and small advertisement dealers.

- ✓ Three steps going-up developments in e-commerce;
- ✓ A professional procurement team accumulated 10 years experience in management and product knowledge;
- ✓ Leading marketing method and sales mode in this industry;
- ✓ Products cover more than 120 countries and regions in the world;
- ✓ Rapid growth in 3 consecutive years and one-up sales scale;
- ✓ Integration of more than 7000 products that makes us a worldwide most competitive role in advertisement and signs;
- ✓ Logistics warehouses and operational branches been set up in USA, Thailand, Moscow and other regions ;
- ✓ Excellent suppliers and risk investors acquired our company shares.

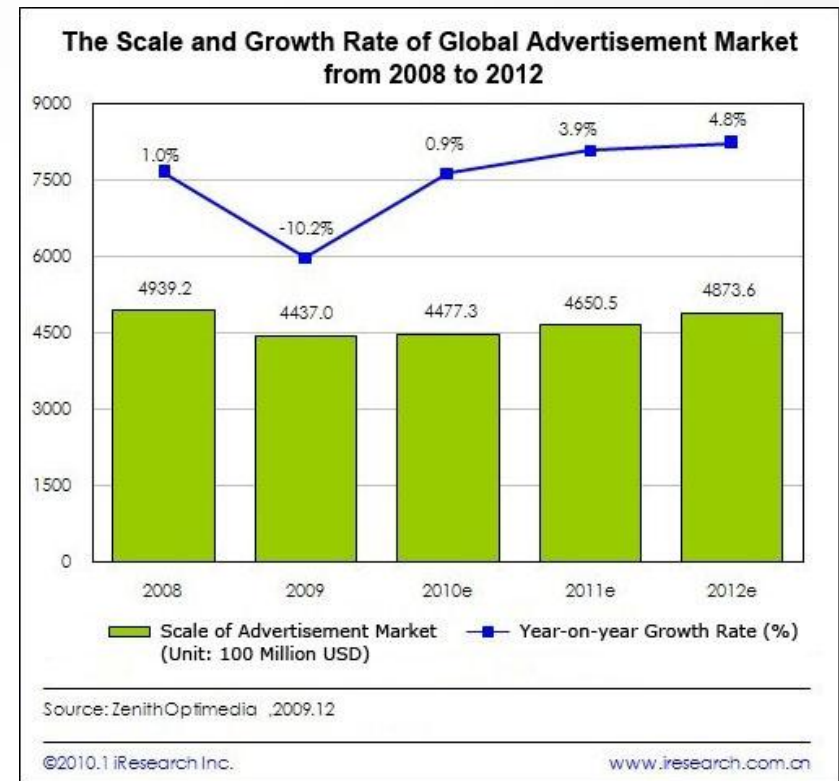

SELECT A GOOD BUSINESS AND RUN INTERNET SHOP

According to forecast predicted by iResearch, a statistics analysis company: The outgoing expenditures of advertisement worldwide will reach USD \$487.36 billion in 2012 that presents nearly 5% increasing rate in which the production value of signage will excess USD \$ 100 billion and result 30% increasing rate.

With such an increase, SIC has already executed global sales strategic plan since 2011 for which to associate with sales companies (personals) who intend to run business of advertisement and signage: Easy online shop with easy money making!

We have a maturated foreign trading platform and plan to set a series of logistics warehouses in many countries. At present, the warehouse in the west of USA has already started operation as a result that the goods are directly delivered to end users through sales of "AD & Signs Online Shops".

GROWTH --THE SEEING IS BELIEVING

In 2010, the annual sales value of main suppliers like HP, Canon and Seiko, who are engaged in AD cartography equipments, post-devices and accessories, reached USD \$27.352 billion that represents 33.6% increase in comparison of the year 2009; While the annual transaction amount of the main manufacturers like 3M and LG reached USD \$51.413 billion that represents 29.2% in comparison of the same.

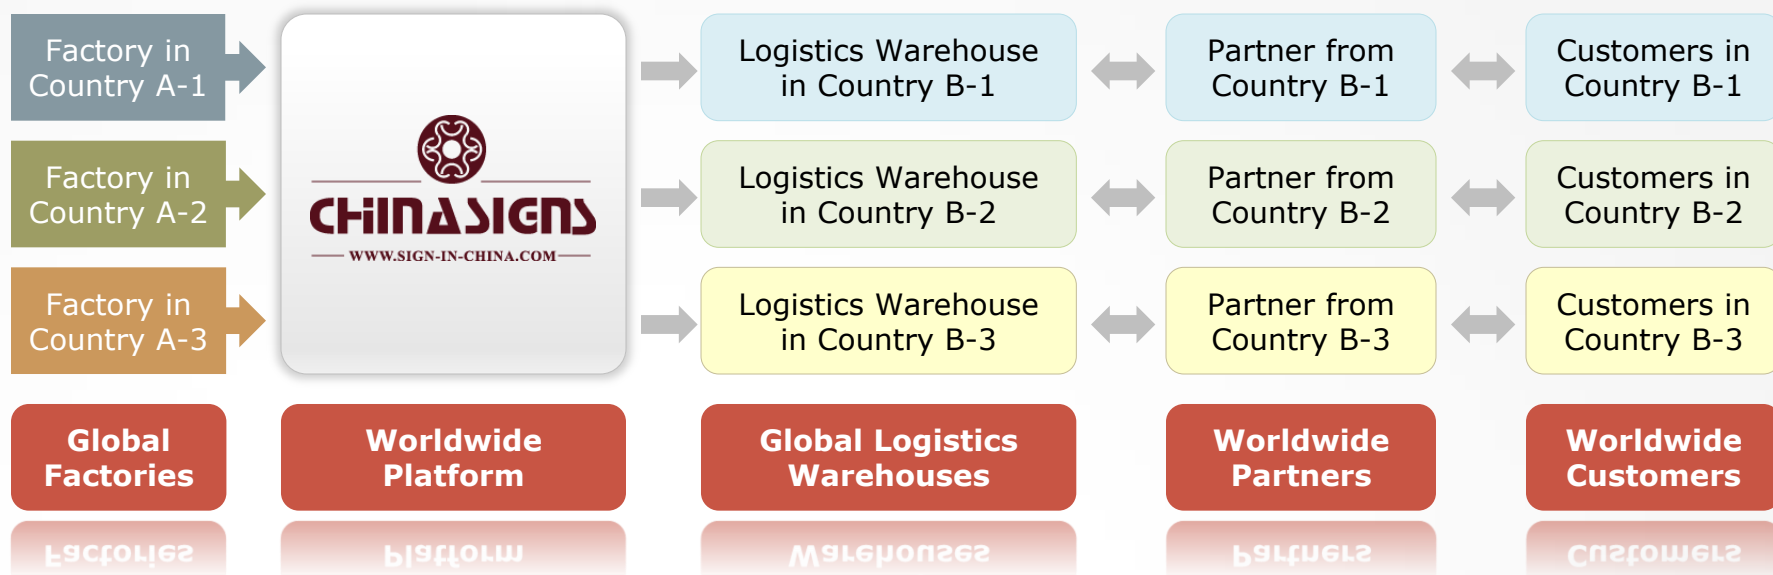

APPLICATION -EVERYWHERE

The signage products and displaying solutions are applied everywhere in international imaging propagandization, promotions of company or products as well as individual lives.

THE OPERATION MODE OF AD & SIGN ONLINE SHOPS

Multiple Levels of Platform: **Factory** + **SIC** + **Logistics** + **Partners**

- ✓ Sourcing the products with advantages in production cost and technology from all the countries
- ✓ Set up 1 to 3 logistics warehouse;
- ✓ Each warehouse provides goods and professional delivery to local partners;
- ✓ **SIC** is responsible in procurement, construction of logistics warehouses, and building up websites for partners, etc.
- ✓ Under the support of **SIC**, all the partners will conduct products with online sales and marketing.
